

INTO THE LIGHT.

→ ♫ PRESS KIT ♫ ←

Introduction

Welcome to the official press kit for "Into The Light", an immersive VR dungeon crawler developed by "Triple Goat Games". This document provides comprehensive information about the game, including its concept, features, characters, and development background.

Game Overview

Title: Into The Light

Developer: Triple Goat Games - A small 4 Person Indie Development Team

Platforms: Steam Frame (PCVR)

Genre: VR Dungeon Crawler, Adventure, RPG

Players: 1-4 Players (Multiplayer)

Release Date: TBD

Website: <https://www.intothelightvr.com/>

Synopsis:

"Into The Light is an immersive VR dungeon crawler that plunges you into the heart of a dark and treacherous world. Join a brave group of adventurers as they delve into dangerous dungeons, each filled with unique challenges, fearsome creatures, and hidden secrets. Your mission is to survive, gather precious loot, and make it out alive! With diverse character classes, carefully crafted dungeons, and a focus on teamwork and strategy, Into The Light offers an engaging and rewarding journey where every choice matters and every treasure found can make a difference. Step into the light and help illuminate a world shrouded in darkness."

Key Features:

Immersive VR Experience: Designed specifically for VR, "Into The Light" offers a fully immersive dungeon-crawling experience with intuitive controls and breathtaking environments.

Diverse Dungeons: Each dungeon presents a unique theme and challenges, from damp, stonework halls to grand, ominous chambers filled with secrets and dangers.

Unique Creatures: Encounter a variety of monsters, each with distinct behaviors and abilities, ensuring that no two encounters are the same.

Intricate Puzzles: Solve engaging puzzles to unlock hidden areas, treasures, and new paths, adding depth and challenge to the exploration.

Character Classes: Play as one of five unique heroes, each with their own skills and abilities, enhancing team strategy and cooperation.

Replayability: "Into The Light" offers carefully hand-crafted dungeons that provide a sense of discovery with every playthrough. Players will uncover hidden rooms, secret areas, and encounter unique creatures as they delve deeper into each meticulously designed dungeon. This attention to detail ensures that every exploration feels fresh and rewarding, adding to the game's replay value.

The Heroes:

The Paladin: A versatile frontline warrior wielding a sword and shield. The Paladin excels in both offense and defense, with abilities to deflect spells and arrows, and enhance his defenses with divine magic.

The Wizard: Master of elemental spells, the Wizard can cast powerful offensive and defensive spells. His strategic spell-casting is crucial for overcoming tough enemies and supporting the team.

The Rogue: Agile and stealthy, the Rogue excels in speed and subterfuge. He can teleport, disarm traps, and strike from the shadows, making him essential for navigating treacherous dungeons.

The Ranger: A precise and agile marksman, the Ranger uses enchanted arrows and rapid movement to deal damage from a distance. He can angle shots off the Paladin's shield to hit enemies around corners.

The Bard: Bringing music and magic together, the Bard uses his instruments to cast powerful buffs and debuffs. He supports the team with melodies that enhance their abilities and hinder enemies.

Development Team

“Triple Goat Games” is a small indie team with a passion for creating immersive and engaging VR experiences. Formed in Q3 of 2023, our team members have previously worked on various VR and non VR game projects and bring a wealth of experience and creativity to “Into The Light.”

For more info on our individual team members refer to our website’s “Team” page.
